What Our Interns Have to Say...

I participated in Anthony Travel's internship program the summer after my senior year of college and I can truly say that it was one of the best career decisions that I could have made. I gained organization and communication skills that will last me a lifetime and I am now able to apply those skills in my current position as an Event Specialist at Anthony Travel.

For me, what set this program apart from many other internship programs was the way that I was treated by my superiors. They really took time and effort to explain and train me in all of the aspects of the company. I have found that having a positive working environment is one of the most important factors in finding a fulfilling job and Anthony Travel has exceeded my expectations in that area!

Baylor University '09***

When looking for an internship, I wanted a position that related to sports that also exposed me to various aspects of business operations. Interning at Anthony Travel provided a great environment to accomplish both goals by placing me in situations where I used and improved my communication, organizational, networking, and customer service skills – all while contributing to sporting events.

I was able to see the direct impact my efforts had on events held throughout the country in places like New York City, Orlando, and even Hawaii. I was also given the opportunity to go on-site for an event in San Francisco. While there, I was able to meet and interact with clients and customers I had been in contact with for the months leading up to the event.

I grew tremendously as an intern at Anthony Travel and have continued to do so now as a full-time Event Coordinator. Anthony Travel provides a great platform for learning as well as advancement within the company. The atmosphere is one that promotes learning and growth through upbeat, fun employees.

Texas A&M University '09***

During my internship search, I wanted to find an organization that incorporated sports, tourism, and event planning, however, my main goal was to find an organization that continually grows their employees. Thankfully, my internship with Anthony Travel was all I hoped for. We were responsible for housing all qualified teams and spectators in a three week turnaround! The summer flew by because my manager kept me busy and I was constantly learning.

When I returned to school, multiple classmates approached me to hear more about my experience with Anthony Travel. I found that schoolwork and group projects became much easier to juggle because I had a new viewpoint to learn from.

I have found Anthony Travel is a place where management truly encourages individual and professional growth, involves you in the entire event management process, and maintains an extremely fun working environment!!
