WHAT IS STAY TO PLAY?

Stay to Play is a tournament housing method that allows teams to receive the best available hotel benefits and ensures all teams receive the protections CASL and Anthony Travel have established with the hotels. Anthony Travel pre-secures room blocks at the closest available hotels to the fields, and negotiates the lowest rates and best amenities for teams. Anthony Travel always selects properties with the team's best interest in mind.

WHY USE A STAY TO PLAY POLICY?

When all teams abide by the Stay to Play method CASL and Anthony Travel are able to maximize the teams benefits with the properties. This enables the teams to receive maximum benefits and protections.

WHAT IS AN APPROVED HOTEL?

An approved hotel is a hotel that Anthony Travel and CASL have approved based on quality, rate, location and has agreed to the protections that protect teams staying at the property.

WHY ISN'T THE HOTEL I WANT ON THE APPROVED LIST?

Anthony Travel considers all the closest properties to the field locations. Any properties not on the approved list either do not have group rooms available for the teams, rates are too expensive or the property will not agree to the terms that protect teams.

** Prepaid hotel rooms are non-refundable with early check out and unique circumstances may occur where all items above may not apply.*
